It is empowered to initiate policy proposals as well as to express its judgment on those submitted to it by the administrative officers of the University and its various academic divisions. It is also empowered to request information through appropriate channels from any member of the University administration.

Any member of the University may suggest questions or proposals for the consideration of the University Council by submitting them in writing to the Steering Committee addressed to the Office of the Secretary, College Hall. **ALMANAC SUPPLEMENT October 19, 1982**
Council and Independent University Committees 1982-83

Much of the work of the Council is done through its standing committees. They are chosen each spring through the Committee on Committees, which makes its recommendations after issuing a campus-wide call for nominations. The Committee on Committees also recommends members for the Independent Committees. Appointments to these committees are made by the Steering Committee, the one exception being the Academic Planning and Budget Committee, appointments to which are made by the president.
