ALMANAC SUPPLEMENT October 18, 1983
The University Council exists to consider the activities of the University broadly in all of its phases with particular attention to the educational objectives of the University and those matters that affect the common interests of faculty and students. It recommends general policies and otherwise advises the president, the provost and other officers of the University. It is empowered to initiate policy proposals as well as to express its judgment on those submitted to it by the administrative officers of the University and its various academic divisions. It is also empowered to request information through appropriate channels from any member of the University administration.

Any member of the University may suggest questions or proposals for the consideration of the University Council by submitting them in writing to the Steering Committee addressed to the Office of the Secretary, College Hall. Any member of the University may be asked to serve on committees of the University Council.

--- Council Bylaws

**Steering Committee**

The Steering Committee shall consist of the president of the University, the provost, the chair, the chair-elect, and the past-chair of the Faculty Senate, the chair of the Undergraduate Assembly and the chair of the Graduate and Professional Student Assembly. In addition, there shall be four faculty members, one undergraduate student, and one graduate/professional student to be elected by the incoming Council at its May meeting from among its membership for the ensuing year. The chair of the Faculty Senate shall be the chair of the Steering Committee.

--- Bylaws

**Membership of the Council**

*Faculty:* The 42 members of the Senate Executive Committee sit on Council; five of these (normally the first four-year-at-large representatives and the past secretary) are non-voting observers. One full-time lecturer or instructor and one full-time member of the Research Faculty are selected by the Steering Committee.

*Administration and Staff:* The president and the provost are members of the Council. The president appoints nine administrative officers, at least five of whom shall be deans of faculties. The Administrative Assembly, Librarians Assembly, and A-3 Assembly each have one elected representative.

*Students:* Twenty-three students serve on Council, nine of them from the undergraduate schools (five elected by mutually exclusive constituencies, and four—including a freshman—elected at-large via the Undergraduate Assembly). The 14 graduate/professional students on Council are elected as members of the Graduate and Professional Student Assembly; each school is represented by at least one representative.

*Presiding Officer:* The president may act as presiding officer of the Council or may appoint a moderator to preside at meetings.

Council and Independent University Committees 1983-84

Much of the work of the Council is done through its standing committees. They are chosen each spring through the Committee on Committees, which makes its recommendations after issuing a campus-wide call for nominations. The Committee on Committees also recommends members for the Independent University Committees. Appointments to these committees are made by the Steering Committee, the one exception being the Academic Planning and Budget Committee, appointments to which are made by the president.
