Membership of the Council

Faculty: Forty-five members of the Senate Executive Committee sit on the Council. The Faculty Senate shall insure that each faculty is represented by at least one elected constituency representative and that three assistant professors sit on Council. One full-time lecturer or instructor and one full-time member of the Research Faculty are selected by the Steering Committee.

Administration and Staff: The president and the provost are members of the Council. The president appoints nine administrative officers, at least five of whom shall be deans of faculties. The Administrative Assembly, Librarians Assembly, and A-3 Assembly each have one elected representative.

Students: Twenty-five students serve on Council, ten of them from the undergraduate schools (five elected by mutually exclusive constituencies, and five-including a freshman-elected at large via the Undergraduate Assembly). The fifteen graduate/professional students on Council are elected as members of the Graduate and Professional Student Assembly; each school is represented by at least one representative.

Presiding Officer: The president is the presiding officer. After opening reports, Council meetings are normally conducted by the moderator.
Much of the work of the Council is done through its standing committees. They are chosen each spring through the Committee on Committees, which makes the recommendations after issuing a campus-wide call for nominations. The Committee on Committees also recommends members for the Independent Committees. Appointments to these Committees are made by the Steering Committee, the one exception being the Academic Planning and Budget Committee, appointments to which are made by the president.
