ALMANAC SUPPLEMENT November 10, 1992
Council and Independent University Committees

Much of the work of the University Council is done through its standing committees. They are chosen each spring through the Committee on Committees, which makes the recommendations after issuing a campus-wide call for nominations. The Committee on Committees also recommends members for University-wide bodies known as Independent Committees. Appointments to these (next page) are made by the Steering Committee, the one exception being the Academic Planning and Budget Committee, appointments to which are made by the president, the Senate Executive Committee, the Undergraduate Assembly and the Graduate and Professional Student Assembly.
