To All Members of the University Community

In a few weeks, members of University Council will be voting on the new bylaws printed in the pages that follow. There are several major changes that I would like to call to your attention.

First, the number of undergraduate students has been increased from 10 to 15, which is equal to the number of graduate and professional students.

Second, the Council Steering Committee has been expanded to include a voting representative from the Penn Professional Staff Assembly and the A-3 Assembly.

Third, each constituency will now name its own members to Council committees.

Finally, there is a new structure for the agenda.

Please read the bylaws carefully and advise your Council representative (page S-7) of any of your concerns.

— Barbara J. Lowery, Chair

University Council Steering Committee
Proposed Revised Bylaws of the University Council

I. Scope and Purpose

The University Council of the University of Pennsylvania is a deliberative and broadly representative forum which exists to consider the activities of the University in all of its phases, with particular attention to the educational objectives of the University and those matters that affect the common interests of faculty, staff and students. It may recommend general policies and otherwise advise the president, the provost, and other officers of the University. It is authorized to initiate policy proposals as well as to express its judgment on those submitted to it by the administrative officers of the University and its various academic divisions. It is also empowered to request information through appropriate channels from any member of the University administration.

In its deliberative role, as it undertakes to reach collective decisions on policies to be initiated or evaluated for recommendation to officers of the University, an important function of the University Council is to transform the interests of its various constituency groups into forms congruent with the interest of the University as a whole. In such a case, a majority decision should be articulated in terms of the University’s general welfare and constructed to advance this welfare. In its representative role, an important function of the University Council is to inform the officers of the University—as well as the citizens of the University at-large—of the range and strength of views held by members of the University community. In this case, the public expression of a heterogeneity of views, without their resolution into a majority agreement for action, may serve the University Council’s advisory purpose most authentically, and especially so when such a diversity of discourse increases understanding among constituencies in addition to revealing the breadth of considered opinion as a ground for accommodation in subsequent University policy making.

II. Membership

1. Composition

The University Council shall be composed of administrative officers and elected representatives of the faculty, students, and staff as follows:

(a) Forty-five members of the Executive Committee of the Faculty Senate. The Faculty Senate shall insure that each faculty is represented and that at least three assistant professors serve on the Council. The members of the Faculty Senate Executive Committee who are members of the Council shall otherwise be chosen in accordance with the rules of the Faculty Senate.

(b) One full-time lecturer and one full-time member of the research faculty to be selected to serve two-year terms by vote of the Steering Committee from a slate consisting of the five lecturers, and the five members of the research faculty receiving the largest number of nominations by lecturers and members of the research faculty. If the Steering Committee receives fewer than five nominations for either group, additional nominations shall be solicited from the constituency representatives of the Senate Executive Committee.

(c) Eleven administrative officers, including the president, the provost, and nine members of the administration to be appointed annually by the president, at least five of whom shall be deans of faculties.

(d) Fifteen graduate and professional students elected as members of the Graduate and Professional Student Assembly. The Graduate and Professional Student Assembly shall insure that, to the extent possible, each school is represented. The members of the Graduate and Professional Student Assembly who are members of the Council shall otherwise be chosen in accordance with the rules of the Graduate and Professional Students Assembly.

(e) Fifteen undergraduate students elected as members of the Undergraduate Assembly. The Undergraduate Assembly shall insure that, to the extent possible, each undergraduate school is represented. The members of Undergraduate Assembly who are members of the Council shall otherwise be chosen in accordance with the rules of the Undergraduate Assembly.

(f) One elected representative of the Penn Professional Staff Assembly.

(g) One elected representative of the Librarians Assembly.

2. Election

Members of the Council who are to be chosen by election shall be selected no later than the end of the academic year proceeding the year of their membership in the Council, according to procedures established by their respective governing bodies, namely the Faculty Senate, the Undergraduate Assembly, the Graduate and Professional Student Assembly, the Penn Professional Staff Assembly, the Librarians Assembly and the A-3 Assembly. Such elections shall be democratic in both principle and practice.

Each academic year the secretary shall distribute with the agenda for the last meeting a list of the members of the Council for the coming academic year.

3. Terms of Office

(a) The term of office of members of the Council other than the administrative officers, the chair, chair-elect and past chair of the Faculty Senate, the chair of Graduate and Professional Student Assembly, the chair of the Undergraduate Assembly, the full-time lecturer, and the full-time member of the research faculty shall be as specified in the rules of their respective governing bodies but in no case for more than four consecutive academic years.

(b) The terms of office of new members of the Council, other than members elected to fill vacancies, shall commence with the taking up of new business at the April meeting at which time the terms of office of retiring members of the Council shall conclude. In a case where the respective governing body is represented by its chair on the Council and/or the Steering Committee, and when it has chosen a new chair whose term of office begins before the end of the academic year, this new officer may accompany his or her predecessor (who will remain a member of the Council and/or Steering Committee until the Council year expires) and serve as an observer at meetings of the Council and/or the Steering Committee.

4. Vacancies

(a) Vacancies among elected representatives of the respective governing bodies shall be filled according to procedures of the body that elected them.

(b) Vacancies among administrative officers shall be filled by the president.

(c) Vacancies in the representatives of the full-time lecturer or the full-time member of the research faculty shall be filled by vote of the Steering Committee.

5. Duties

Membership on the Council requires a readiness to attend meetings of the Council regularly and to participate fully in its business, including the work of its committees. It is the continuous obligation of the members of the Council to report to the members of their constituencies about the discussions, decisions, and recommendations of the Council and to solicit questions and suggestions from them for presentation to the Council.

III. Positions

There shall be a presiding officer and moderator of the Council. There shall also be a parliamentarian and a secretary, who shall not be members of the Council.
1. Presiding Officer and Moderator
The president of the University is the presiding officer of the Council. Each year, with the advice of the Steering Committee and the consent of the Council, the president shall appoint a moderator of the Council, who shall become a non-voting member of the Council. The president, or in the absence of the president, the provost, shall open each meeting and shall normally turn the conduct of the meeting over to the moderator.

An alternate appointed by the president shall conduct the meeting on a temporary basis in the absence of the moderator. If the moderator is absent from three meetings in an academic year, the president shall remove the moderator and, with the advice of the Steering Committee and the consent of the Council, appoint a new moderator to serve for the remainder of the academic year.

2. Parliamentarian
The president shall each year appoint a parliamentarian, in consultation with the Steering Committee. It is the parliamentarian’s duty to advise the moderator and the presiding officer in the application of Robert’s Rule of Order Revised, as modified by special rules of the Council.

3. Secretary
The secretary of the University or the secretary’s designee shall be secretary of the Council. In addition to duties specified elsewhere in these bylaws, it is the duty of the secretary to issue notices of meetings of the Council, to record the minutes of such meetings and distribute them to its members, to receive communications for the Council, and to perform any other duties assigned by the presiding officer, the Steering Committee or the Council. The secretary shall supply members of the Council with a copy of these bylaws and appendices and amendments thereto, a current list of members of the Council, and a list of members of the Council’s committees. The secretary of the Council shall serve as secretary of the Steering Committee.

4. Council staff
The Council shall be assisted by such staff of the University as is required in the conduct of its business. Staff personnel shall not be members of the Council. The secretary shall be aided by such additional persons as may be necessary.

IV. Meetings
1. Stated meetings
The normal schedule of the stated meetings of the Council shall be 4 p.m. on the third Wednesday of September, January, and March; on the second Wednesday of October, November, December, and February; and on the fourth Wednesday of April. Meetings shall continue no later than 6 p.m. unless extended by action by a majority of members in attendance. Stated meetings may be canceled and the times of stated meetings may be changed only by vote of the Steering Committee.

2. Special meetings
A special meeting may be called whenever requested by the president or the provost, or by decision of the Steering Committee, or by petition of 25 percent of the total membership of the Council.

3. Agenda
Any member of the University may suggest questions or proposals for the consideration of the University Council by submitting them in writing to the Steering Committee addressed to the Chair of the Steering Committee, 15 College Hall. At any Council meeting, a member of the Council may propose and a majority of those voting may adopt an item for the agenda of the next meeting.

The Steering Committee, acting in response to the directions of the Council and the requests of the respective governing bodies, shall complete the agenda for each meeting of the Council. To the extent possible, the Steering Committee will indicate to the Council at each meeting the items it intends to include on the agenda of subsequent meetings.

Each meeting of the Council shall accommodate committee reports and administrative reports, as well as discussion on issues that occur in the conduct of the Council’s normal business or which arise unexpectedly during the year. The allocation of emphasis, which follows, for the agenda of each stated meeting is to indicate the various focuses of the course of the Council’s work for the year. In addition, the specific designations of agenda items for each stated meeting shall be given to each member of the Council.

(a) The agenda of the first (September) stated meeting of the Council in each academic year shall include the selection and ranking of issues to be dealt with during the academic year. The Steering Committee shall present to the Council its recommendation with respect to such issues and the charging of committees, but the Council shall not be limited in its selection of issues or in the construction of committee charges to those recommended by the Steering Committee. To the extent possible, the Council shall select the central issues for primary focus during the year, and the Council shall refer them to the relevant standing committees or special committees, with the expectation of reports in time for its deliberation before the end of the academic year. Each active Council committee shall be informed of the dates when such committee is to report to the Council.

(b) The agenda of the second (October) stated meeting of the Council in each academic year shall include extended reports by the president, the provost and other administrators covering budgets and plans for the next academic year. Adequate time shall be allotted for full and open discussion.

(c) The agenda of the third or fourth (November or December) stated meetings of the Council in each academic year shall incorporate an open forum to which all members of the University community are invited and during which any member of the University community can make direct questions to the Council.

(d) The agenda of the fifth (January) stated meeting of the Council in each academic year shall include extended reports by the president, the provost and other administrators covering budgets and plans for the next academic year. Adequate time shall be allotted for full and open discussion of these reports.

(e) The agenda of the remaining (February, March, April) meetings shall include reports by Council committees and such other items as the Council may direct. The April meeting shall also include a preliminary discussion of issues to be dealt with in the coming academic year.

4. Notice of meetings and committee reports
Notices of all meetings, the agenda, and reports of committees that will be presented for action by the Council shall be distributed to members at least five days in advance of the meeting.

Resolutions on the agenda may come from any member of the Council. Resolutions shall be submitted to the Council through the Steering Committee, accompanied by the advice of the Steering Committee whenever the Steering Committee believes that its advice would be helpful. The Council, by affirmative vote of a majority of members attending a meeting in the presence of an actual quorum, may decide to act on a matter not on the agenda for action; otherwise no action, including a straw vote, may be taken.

5. Conduct of meetings
A majority of the full membership shall constitute an actual quorum. If at any time during a meeting an actual quorum has been established, a working quorum will be in effect until the stated time of adjournment. Except as otherwise specified in these bylaws, Council action may be concluded by a working quorum. Voting shall ordinarily be by voice or by show of hands, at the discretion of the moderator. A roll call vote shall be taken upon motion and the affirmative vote of one-fourth of the voting members present. Conduct of the meetings shall conform to the latest edition of Robert’s Rules of Order Revised, as modified by these bylaws and by special rules of the Council. The Steering Committee, subject to directions of the Council, may formulate Rules of the Day, such as the designation of limitations on the time for the debate of specified issues, or on the time for each member to speak or respond, or the interest of distributing the opportunity to be heard. Changes in these rules shall require a majority vote of members attending, at a time when an actual quorum is present.

6. Persons entitled to attend
Meetings of the Council shall be open to members of the Council. Chairs of Council committees and subcommittees, non-Council members of the Senate Executive Committee, non-Council members of the Graduate and Professional Student Assembly Executive Committee and non-Council members of the Undergraduate Assembly Steering Committee may also attend as observers. Non-Council members of University administrators, members of committees reporting to the Council at a particular meeting, or who are expressly invited by the secretary on designation by the Council, or by the Steering Committee, may attend a particular meeting and may be invited to participate in discussion, without vote. All Deans and Administrators (academic and non-academic) other than those appointed to membership in Council may attend Council as non-voting observers upon invitation of the president.

The chair of a reporting committee, if not a member of the Council, shall be given all the privileges of membership, including the making of
motions, but excluding voting, during the discussion.

Other members of the University community will be allowed to attend Council meetings if there is space in the Council room to accommodate them, and if they have asked to attend by signing a list maintained by the Secretary’s Office prior to the meeting. All members of the University community may attend a Council meeting designated as a forum for open discussion by the University community.

Any non-member attending a meeting who, in the opinion of the moderator, does not preserve the decorum of the meeting will be required to leave.

Members of the Council and other members of the University authorized to speak at a meeting of the Council shall not be subject to inquiry or sanction, under any of the University’s procedures for limiting unprotected expression, for any speech or debate during a meeting of the Council.

V. Steering Committee

1. Composition

The Steering Committee shall consist of the president of the University, the provost, the chair, the chair-elect and the past chair of the Faculty Senate, the chair of the Undergraduate Assembly and the chair of the Graduate and Professional Student Assembly. Drawn from the Council membership, there shall be in addition four faculty members, one graduate/professional student, and one undergraduate student elected by the respective governing bodies, as well as one member of the Penn Professional Staff Assembly, and one member of the A-3 Assembly, each elected by their representa- tive assembly. The chair of the Faculty Senate shall be the chair of the Steering Committee. In the absence of the chair, or at the request of the chair, the chair-elect shall serve as chair of the Steering Committee. The Council moderator will be an official observer at meetings of the Steering Committee. The secretary of the Council shall serve as secretary of the Steering Committee. Members of the Steering Committee may attend the meetings of Council committees.

2. Duties

(a) The Steering Committee, within the limits imposed under IV.3, above, and subject to the directions of the Council, shall prepare the agenda for meetings of the Council. (c) Resolutions that committees elect to place on the Council agenda should be submitted to the Council through the Steering Committee. The Steering Committee shall promptly forward all such resolutions to the Council. The Steering Committee shall also inform the Council of its decisions concerning the inclusion of such resolutions on the agenda of a Council meeting. The Steering Committee may give its advice concerning such resolutions to the Council whenever the Steering Committee believes that its advice would be helpful.

(d) The Steering Committee shall publish an annual report to the University community. This report, to be published early in the academic year, shall include a review of the previous year’s Council deliberations (highlighting both significant discussions and the formal votes taken on matters of substance) and a survey of major issues to be taken up by the Council during the coming year.

3. Vacancies

Vacancies among the elected members of the Steering Committee shall be filled by election of the respective governing and elective bodies affected by the vacancies, following the rules of those bodies.

VI. Committees

The committees governed by these bylaws are the standing committees of the Council, special committees created by the Council from time to time, and the independent committees.

Members of all standing committees, with the exception of the Committee on Research and the independent committees with the exception of the Committee on Open Expression and the Academic Planning and Budget Committee shall be chosen in the numbers required for each committee according to procedures established by the respective governing bodies as listed in II.2. Any member of the University may be asked to serve on committees of the University Council and only members of the University shall be eligible for membership on the committees. All committee members are eligible for reappointment. Members may be reappointed, if mutually agreeable, for a maximum of four years of total consecutive service. To provide continuity, chairs-elect may be designated.

Each committee should normally include at least one faculty member, one undergraduate student and one graduate student who, to the extent possible, should be members of the Council. The members of committees shall be selected by the respective governing and selective bodies in the numbers required for each committee.

The memberships specified in the committee charges which follow constitute the normal makeup of each committee. Changes can be made only by action of the Council through amendments to the bylaws, as provided for in section VII.

The president, provost, chair and chair-elect of the Faculty Senate, chair of the Graduate and Professional Student Assembly, and chair of the Undergraduate Assembly (or their designees) shall be entitled to attend meetings of all standing committees of the Council and to participate in the discussions. In cases where a committee has an oversight or advisory function to a branch or department of the University administration, in general the administration shall serve as ex officio member(s) of such committees and resource persons to support the work of the committee and of its chair and members, and accordingly should not vote. Consistent with this principle, any such administrator(s) shall be designated as a non-voting ex officio member of each committee (except where noted below).

2. Special Committees

The Council may create special committees to undertake specific tasks or functions. The membership of special committees shall be specified in the charges taking final form in either the Council or in creating such committees.

3. Independent Committees

The Council takes cognizance of several University committees, which it does not directly charge but which may be called upon to report to the Council on specific issues within their purview.

(a) Committee on Open Expression. The Committee on Open Expression has as its major task: monitoring the communication processes to prevent conflicts that might emerge from failure of communication, recommending policies and procedures for improvement of all levels of communication, investigating alleged infringements of the right of open expression of any member or members of the University community, advising administrative officers where appropriate, and participating in evaluation and resolution of conflicts that may arise from incidents or disturbances on campus. The Committee shall consist of thirteen members: five faculty members, two A-1 staff members, one A-3 staff member, and five students. The face of and A-1 staff members are appointed to two-year terms, staggered so that in each year either two or three faculty members are appointed, and one A-1 member is appointed. The student members are appointed to one-year terms. The chair of the Committee shall be selected by the Steering Committee from among the members. The jurisdiction of and procedures of the Committee shall follow the Guidelines on Open Expression. At the beginning of every year, the Committee shall conduct a meeting in order to familiarize the members with the Guidelines and the responsibilities of Committee members in enforcing and implementing the Guidelines.

(b) Academic Planning and Budget Committee. The purpose of the Committee shall be: 1) to provide to the administration advice on the composition of the annual budget and on multi-year financial plans for the University; 2) to take into account, study, and report on long-range implications of current budget issues and alternatives; 3) to provide systematic thought about the evolving educational mission and educational needs of the University, and their present and future budgetary implications; 4) to provide useful early warnings of potential problems and early information on potential opportunities; and 5) to clarify means-ends relationships regarding programs and resources, including a reasoned basis for proposed priorities.

The purpose of the Committee is to bring together academic planning and financial planning so that informed advice might be provided to the administration on both short-term and long-range resource allocation. Thorough involvement in the development of the annual budget shall provide the Committee with the opportunity to familiarize itself with the economic condition of the University and to develop and explore optional modes of fulfilling its academic mission. In pursuing this charge it may request other officials or bodies within the University to report short-and long-range plans, to analyze important problems, to evaluate available options, and to help support in other ways the planning process.

In addition to the general charge to the Committee, the president may from time to time give more specific charges to the Committee. Preferably such periodic charges will be given at the beginning of the academic year, but the president may frame an ad hoc charge on matters that are either more specific or that are more immediate than the charge given at the beginning of each year. The Committee may, of course, develop its own agenda apart from the president’s charges, based upon the Committee’s interpretation of the general charge in the context of the University’s situation at a given time.

It is to be understood that in regard to major reallocations that would change the character of an academic or other center or school, the president will seek and/or receive advice from other duly constituted advisory and consultative bodies according to the provisions and practices obtaining at the time.

The Committee’s work shall be confidential, and it shall be empowered to promise confidentiality to those with whom it interacts. The requirement of confidentiality applies only to the proceedings of formal business meetings, including documents and information provided for or at such meetings. It does not apply to open hearings or other non-business formats that the provost as chair wishes to employ.

The provost will implement and administer this rule of confidentiality not as an end in itself, but as means towards the larger ends of the Committee. As such, the provost will develop, in and through practices, the practical accommodations necessary to foster a necessary openness to the University community on the one hand and the confidentiality of the Committee’s actual deliberations on the other hand. The practical goal in mind will be properly to reconcile all three of the following principles: openness to information and opinion from outside the Committee, the provost in ongoing development of positions, and developing individual positions within the Committee, and the communication of the positions of the Committee as a whole after they have been achieved. In order to achieve this goal, the Committee shall provide progress reports and information on items on the agenda with the aim of facilitating communication between the Committee and the University community.

The provost, on behalf of the Committee, shall communicate with the president through whatever means and at whatever times are appropriate. In addition, the provost shall periodically, but at least annually, inform the University community about the advice the Committee as a whole has given the president and the reasons therefore.

The Committee shall have fourteen members and two alternate members: nine faculty, two graduate/professional students (one member, one alternate), two undergraduate students (one member, one alternate), two A-1 staff members, and the provost. The nine faculty shall be chosen as follows: four faculty shall be chosen by the president and five shall be chosen by the Faculty Senate Executive Committee. The two student members and two alternates shall be chosen as follows: one graduate/professional student member and one alternate by the Graduate and Professional Student Assembly; one undergraduate student member and one alternate by the Undergraduate Assembly. The two A-1 staff members shall be named by the president each year. The provost shall serve ex officio, and shall serve as chair.

The nine faculty members shall serve three-year non-renewable terms. The two student members, and the student alternates, shall serve one-year renewable terms. A student alternate may be renewed as a student member if a vacancy exists and vice versa. In order that there be the potential for partial faculty membership rotation annually, the nine initial faculty appointments shall include three one-year, and three two-year appointments which may be renewed as three-year appointments.

The fourteen members shall each have a vote; the provost as chair shall vote only to resolve a tie. The two alternates may attend all proceedings of the Committee, may be privy to all its information and deliberations, but shall not have voting power, except that when a student member (undergraduate or graduate/professional) is absent for a particular vote the respective alternate may vote in his/her stead.

The members of the following independent committees and their chairs are appointed by the Steering Committee with the advice of the Committee on Committees.

(c) Disability Board. The Disability Board continually evaluates the disability plan for adequacy, equity, and consistency with the broad University objectives; monitors the financial and administrative operations of the plan; oversees the processing of any applications for disability benefits and periodic reviews of existing disability cases; and hears appeals from decisions of the Medical Subcommittee of the Disability Board. The Board shall consist of seven faculty members, of whom at least three shall be members of the clinical faculty of the School of Medicine. The chair of the Personnel Benefits Committee is an ex officio member.

(d) Honorary Degrees Committee. The Honorary Degrees Committee solicits nominations from faculty and staff members and students for honorary degrees to be awarded by the University at Commencement and at special convocations and submits a slate of nominees for action by the trustees. It may make recommendations to the president regarding Commencement speakers and the conduct of special convocations. The Committee shall consist of eight faculty members, two graduate/professional students, and two undergraduate students.

(e) Student Fulbright Awards Committee. The Student Fulbright Awards Committee shall evaluate applications from graduating seniors and graduate students for Fulbright scholarships for study abroad and shall make recommendations for the guidance of the Institute of International Education in making the awards on behalf of the State Department. The Committee shall consist of eight faculty members and two administrators. The associate director of international programs is an ex officio member.
