The Penn Relays: 100-Year-Old Champion of Racing Meets
by Dave Johnson
Penn Relays Director and Associate Meet Director

The history of outdoor running as sport began in 1895 with the University of Pennsylvania's Skytop Meet, which featured a series of track meets held on the campus. The high school and college athletes who participated in these early meets helped establish the tradition of outdoor track and field events.

The first Penn Relays was held in 1895 as a one-day event, with races held on the track and field. The meet was organized by the University of Pennsylvania and featured events such as the 400-yard hurdles, 880-yard run, and 1,500-yard run. The meet was a success, and it continued to grow in popularity over the years.

In 1900, the Penn Relays expanded to a three-day event, with races held on the track and field and in the gym. The meet featured events such as the 4x100-yard relay, 4x400-yard relay, and 4x800-yard relay. The meet was so successful that it continued to grow in popularity over the years.

The Penn Relays continued to grow in popularity over the years, with new events added and existing events expanded. In 1940, the Penn Relays became a four-day event, with races held on the track and field and in the gym. The meet featured events such as the 4x100-yard relay, 4x400-yard relay, and 4x800-yard relay.

In 1950, the Penn Relays became a five-day event, with races held on the track and field and in the gym. The meet featured events such as the 4x100-yard relay, 4x400-yard relay, and 4x800-yard relay. The meet was so successful that it continued to grow in popularity over the years.

The Penn Relays continued to grow in popularity over the years, with new events added and existing events expanded. In 1970, the Penn Relays became a six-day event, with races held on the track and field and in the gym. The meet featured events such as the 4x100-yard relay, 4x400-yard relay, and 4x800-yard relay.

The Penn Relays continue to be one of the largest and most prestigious track and field meets in the world, with events held on the track and field and in the gym.
