

Sample M&T Program Curriculum Worksheet

Bachelor of Science in Economics and Bachelor of Science in Engineering

Core Wharton Courses = 9 cu

ACCT 101/102 FNCE 100/101*
ECON 010* MKTG 101
BPUB 250* MGMT 100/101

*MGMT 100 must be taken 1st semester freshmen year

Communications Requirement = 1cu

Foreign Language Proficiency
Writing Requirement

Business Breadth = 2cu**

2 Wharton courses that are not in your primary concentration must be taken. MGMT 237 may count if MGMT is not your concentration.

Business Concentration = 4cu

These courses will constitute the Wharton major. Each department can provide a listing of courses.

General Education/Global Environment* = 4cu

These courses must be non-business courses with 2 having an international focus. The remaining 2 courses through Social Structures & Language or Arts & Culture categories found in the [Wharton Handbook](#).

Societal Environment = 1cu

Choose 1 of the following:
LGST 101/210
Public Policy & MGMT 203

Programming Requirement = 1cu

OPIM 101 OR CIS 110/120, OR EAS 105, OR ESE 112

Most M&Ts will take one of the SEAS courses in this category so that it will also satisfy a SEAS requirement.

Quantitative/Computational Skills = credits vary with each discipline

MATH 104/114
ESE 301/302

The number of courses may vary with each Engineering major.

Students may substitute STAT 430 & 431 with ESE 301/302, if the latter is not required by their Engineering discipline.

Natural Sciences = credits vary with each discipline

This will vary with each Engineering discipline. Refer to the departmental CPG for specific requirements.

Engineering Courses = credits vary with each discipline

EAS 101 or other intro SEAS course

Applied Oriented Focus/Technical Electives = credits vary with each discipline

This will vary with each Engineering discipline. Refer to the departmental CPG for specific requirements.

Social Science and Humanities (SSH) = 7 cu

These classes can either be classes taken in the College or classes that are already taken as Wharton requirements from the Core, General Education/Global Environment and/or Foreign Language courses.

Notes:

*These courses may be used as SSH courses in Engineering

** If a student has a dual concentration in Wharton, 1 course from the secondary concentration may count towards the Business Breadth requirement.

A minimum of 46 cu's must be completed for the BSE degree.

This document is only a sample. Please refer all requirements with the eCPGs found online at PennInTouch.
