Welcome,

Thank you for participating in the Penn Alumni Survey. The survey is entirely voluntary and you may answer as few or as many questions as you wish. All of your responses will be kept strictly confidential. Survey results will not be reported in any form that would identify an individual.

The survey consists of several linked sections. It is important that you complete all sections for our research. Once you submit each page by hitting the next button, your answers will be saved from that page. You will be able to complete part of the survey and return at a later date to complete the rest of the survey. If you return to the survey, your previously submitted answers will be displayed for you to edit if you wish.

Your participation is very important and greatly appreciated!

If you encounter any problems while taking the survey, please contact surveys@exchange.upenn.edu.
