

Memorandum

To: University Council
From: Steven Hauber , WPSA Chair
Re: WPSA Status Report to University Council
Date: October 17, 2007

- o The WPSA is pleased to report that the Penn Employee Resource Fair was a great success. The WPSA would also like to thank partners PPSA for all of their efforts in this year's fair. We are also looking at ways we can partner with the PPSA in future events for Penn staff.

- o We are currently exploring the suggestion to hold meetings at different locations throughout the year. This would in turn allow us to be accessed easier by members new and old.

- o We are also devising ways to increase funds for next year. This will allow our group to become more cohesive. Noting the need of funds for things like advertisement, room rentals for meetings, mass e-mails to WPSA staff.

- o Our WPSA web site is under construction. We hope to add more information to it that will change at intervals, making the site less static and more inviting so that surfers will be more apt to return to it in the future. The upcoming November WPSA Board meeting will look at the possibility of making a Web Specialist an elected official of the WPSA.
