University Council and Faculty Senate Committees, 1998-99

Below is the 1998-99 membership of the University Council, the University-wide governance organization that meets monthly to deliberate on campus issues and share information on University projects and progress. Council is advisory to the President, and includes representatives of the Faculty Senate, two student assemblies and three staff assemblies.

Council’s agenda and formal reports, and some of its debate, appear in Almanac. Meetings are open to observers who register their interest in advance with the Office of the Secretary (898-7005).

Much of the work of Council is done by its committees, listed on pages II and III of this four-page insert. They, and a set of Independent Committees listed on page III are selected by the Steering Committee on recommendation of the Committee on Committees. Any member of the University may be asked to serve on such a committee, and only members of the University are eligible to do so. The Committee on Committees will shortly publish its annual call for nominations to these bodies. Their charges, and many of their past reports, can be accessed through Almanac’s web site, www.upenn.edu/almanac.

The fourth page of this pullout section lists the Faculty Senate’s committees for 1998-99. The work of the Senate Executive Committees and other Senate committees is reported periodically in Almanac and can be accessed through the same website, www.upenn.edu/almanac.—Ed.
