

In the paper Liu, Z., Brown, R., Lynch, C., Barnes, T., Baker, R., Bergner, Y., McNamara, D. (2016) MOOC Learner Behaviors by Country and Culture: an Exploratory Analysis. *Proceedings of the 9th International Conference on Educational Data Mining*, 127-134.

On page 5, the text says

“In our analysis we found that solvers in clusters 2 (Russia, Spain, Brazil, & France) and 3 (China, India, & Singapore) read and made more posts during multiple learning phases.”

This is a typo. The text should say

“In our analysis we found that solvers in clusters 2 (Russia, Spain, Brazil, & France) and 3 (China, India, & Singapore) read and made fewer posts during multiple learning phases.”
